EFRS Board meeting and the Dutch 60th anniversary congress

Following the kind invitation of the Dutch society NVMBR to their 60th anniversary jubilee congress in Maastricht the EFRS Board and executive officer actively participated in this event by delivering several presentations and by chairing sessions.

During and after the congress the EFRS Board met and dealt with a long agenda and a.o. prepared the AGM outlines.

One session was dedicated to the promotion of EFRS and its actions, another to activities of French and Dutch colleagues for Africa. On the left you may recognize Cesar Barare (Kenya) and Dominique Zerroug (France)

CIRSE 2010

Cardiovascular and Interventional Radiological Society of Europe. Members of the EFRS Expert group are involved in preparing and delivering presentations in Cirse 2010. For the first time radiographer workshops are part of this important event in Valencia (Spain) from 2 - 6 October
Programme available at www.cirse.org

ECR 2012

Following a joint nomination of EFRS and ISRRT the ECR radiographer scientific subcommittee 2012 is now appointed by the ECR as follows:

Chairpersons: Csaba Vandulek (Hungary) and Nicole Freling (radiologist, Netherlands)

Members: Karin Haller (Austria), Anja Henner (Finland), Alessandro Beux (Italy), Jonathan McNulty (Ireland), Graciano Paulo (Portugal) Christina Malamateniou (UK).

For this first joint EFRS/ISRRT action an ad hoc procedure had to be followed and the candidate list was established through an internet voting procedure by the EFRS Board and ISRRT regional representatives.

For the nominations 2013 and following a joint procedure is developed, which will be on the agenda of the EFRS AGM in Vilnius for approval.
