

## **EFRS Teaching & Research webinar 18.02.2021**

### **Developing Teaching & Learning Technologies**

#### Moderators:

- Andrew England, Chair, EFRS Educational Wing Management Team
- Carst Buissink, EFRS Educational Wing Management Team

#### Learning Objectives:

1. To discuss the optimum teaching and learning methods needed to develop competent graduates.
2. To consider the role of traditional teaching and learning methods in radiography education.
3. To explain the potential benefits from including modern, innovative teaching and learning methods within radiography education.
4. To identify innovative teaching and learning methods that have application in radiography curricula.

#### Speakers:

- Barbara Kraus, Radiological Technology Department, FH Campus Wien, Vienna, Austria
- John Stowe, Health Sciences Centre, UCD Dublin, Dublin, Ireland
